

Canine Surgery Consent Form

If this form is not properly filled out, then all tests and procedures deemed appropriate by the Doctor will be performed at the owner's expense.

If this permission form is not signed, then we cannot do the procedure. For legal considerations, we must have you or your agent sign this form.

We require that all pets that have surgical or extensive dental procedures be given an injection for pain relief. The minimum cost is \$17.15 and varies due to the amount administered.

Surgery Date _____ Client ID _____
Patient's Name _____ Owner's Name _____

Other (Please describe) _____

Microchip Electronic Identification: I would like an AVID permanent identification microchip placed Yes _____ No _____

Surgical Safety Options : (ADDITIONAL COST)

Any procedure requiring general anesthesia has the risk of serious complications or even death. To minimize such risks, we offer the following safety profiles. Please read them all before accepting or declining appropriately. (Only need to choose one Safety Profile or Package.)

Procedure	Reason	Cost	Accept	Decline
Pre-Anesthetic Safety Profile (Required for dogs 6 years of age and older)	Six blood tests and a blood count to check organ function, for anemia or infections and establish a baseline for the future.	\$38.75	_____	_____
General Health Profile (Required for dogs 10 years of age and older)	Same as the Pre-Anesthetic Profile but has 14 tests and the blood count.	\$52.80	_____	_____

Safety Packages: (ADDITIONAL COST)

Because your dog's safety and comfort during and after surgery is important to us, we offer a special price for a complete package. In addition to the blood profiles, the packages include an **I.V. catheter and fluid therapy** (the I.V. fluids help maintain blood pressure during the procedure, replace blood loss, speed recovery and the I.V. catheter allows rapid intravenous administration of life saving drugs in case of an emergency) **and nail trimming**. (Only need to choose one Safety Profile or Package.)

Procedure	Includes	Cost	Accept	Decline
Safety Package	Pre-Anesthetic Safety Profile I.V. catheter, fluid therapy and nail trimming.	\$68.75	_____	_____
Complete Safety Package	Same as above but with the General Health Profile instead of the Pre-Anesthetic Safety Profile.	\$82.80	_____	_____

I am aware of the risk and understand the information presented in this surgery form and give the Hospital and staff members permission to proceed with the procedure and perform **any and all** life saving procedures should the need arise. I will be responsible for **all** costs incurred for the testing and procedures and understand that payment is due when I pick up my pet.
